Company Secretary

Encl.: As above.

INDEPENDENT AUDITORS' REPORT ON THE HALF YEARLY AND YEAR TO DATE CONSOLIDATED FINANCIAL RESULTS OF THE IRB INFRASTRUCTURE TRUST

(pursuant to regulation 23 of the SEBI (Infrastructure Investment Trusts) Regulation, 2014, as amended)

To,

The Board of Directors,

MMK Toll Road Private Limited,

("the Investment Manager to the Trust")

Off No-11th Floor/1101, Hiranandani Knowledge Park,

Technology Street, Hill Side Avenue,

Powai, Mumbai 400 076 Maharashtra, India

REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL RESULTS

OPINION

We have audited the accompanying Statement of Consolidated financial results of IRB Infrastructure Trust ("the InvIT" or "the Trust") and its subsidiaries (the Trust and its subsidiaries together referred to as "the Group") consisting of the Consolidated Statement of Profit and Loss including Other Comprehensive Income, Explanatory Notes thereto and the additional disclosure as required in paragraph 6 of Annexure A to the SEBI Circular No. CIR/IMD/DF/127/2016 dated November 29, 2016 ("SEBI Circular") for the half year and for the year ended March 31, 2023 ("the statement"), attached herewith, being submitted by the Trust pursuant to the requirements of Regulation 23 of the SEBI (Infrastructure Investment Trusts) Regulation, 2014, as amended from time to time read with SEBI circular ("InvIT Regulations").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of the reports of the other auditors on separate financial statements / financial information of subsidiaries (refer other matter paras), the Statement,

a. includes the results of the Group comprising of following entities:

Holding Entity, IRB Infrastructure Trust and its

Subsidiaries audited by us

1. IRB Westcoast Tollway Limited
2. Udaipur Tollway Limited
3. CG Tollway Limited

4. Kishangarh Gulabpura Tollway Limited
 5. IRB Hapur Moradabad Tollway Limited
- together with following Subsidiaries audited by Other Auditors**
6. Yedeshi Aurangabad Tollway Limited
 7. Solapur Yedeshi Tollway Limited
 8. Kaithal Tollway Limited
 9. AE Tollway Limited
 10. Palsit Dankuni Tollway Private Limited w.e.f. April 2, 2022
- b. is presented in accordance with the requirements of Regulation 23 of the SEBI (Infrastructure Investment Trusts) Regulation, 2014, as amended and read with SEBI Circular No. CIR/IMD/DF/127/2016 dated November 29, 2016, in this regard; and
- c. gives a true and fair view in conformity with the applicable accounting standards, and other accounting principles generally accepted in India, of the **Consolidated Net Loss** and **Consolidated Total Comprehensive Loss** and Other Financial Information of the Group for the half year and year ended March 31,2023.

BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing (SAs) issued by Institute of Chartered Accountants of India ("ICAI"). Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Consolidated Financial Results" section of our report. We are independent of the Group in accordance with the "Code of Ethics" issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the InvIT Regulations, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

MANAGEMENT'S RESPONSIBILITIES FOR THE STATEMENT

The Statement has been prepared on the basis of the Consolidated Annual Financial Statements. Management of the investment manager ("the Management") is responsible for the preparation and presentation of the Statement that give a true and fair view of the **Consolidated Net Loss** and **Total Comprehensive Loss** and other financial information of the Group in accordance with the requirements of the InvIT regulations; Indian Accounting Standards as defined in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 (as amended) and other accounting principles generally accepted in India, to the extent not inconsistent with the InvIT Regulations. The respective Management and Board of Directors of the companies included in the Group are

responsible for maintenance of adequate accounting records for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Statement that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the statement by the Management, as aforesaid.

In preparing the Statement, the management and respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Management and the respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL RESULTS

Our objectives are to obtain reasonable assurance about whether the Statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Statement.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also;

- Identify and assess the risks of material misstatement of the Statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing our opinion on the effectiveness of the entity's internal controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of the Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Statements, including the disclosures, and whether the Statement represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the Consolidated Financial Statements. For companies included in the Consolidated Financial Statements of which we are the independent auditors. For companies included in the Consolidated Financial Statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our opinion.

We communicate with those charged with governance of the InvIT and such other entities included in the Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

OTHER MATTERS

1. We did not audit the Financial Statements of 5 subsidiaries audited by Other Auditors as listed at Sr. No. 6 to 10 of Clause (a.) of Opinion Paragraph mentioned above of whose Financial Statements reflect (before eliminating intra-group transactions);

Total Assets of INR 1,13,238.70 Million, Net Assets of INR 35,029.67 Million as at March 31, 2023 and Total Revenues of INR 19,132.81 Million, Losses after taxes of INR 1,657.28 Million and Net Cash Inflows amounting to INR 201.07 Million for the year ended on March 31, 2023, as considered in Statement. These Financial Statements have been audited

by other auditor whose reports have been furnished to us by the management and our opinion on the Statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, is based solely on the reports of the other auditor. Our opinion above on the consolidated financial results is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

2. The statement includes the consolidated financial results for the half year and for the year ended March 31, 2023 being the balancing figures between the audited figures in respect of the full financial year ended March 31, 2023 and reviewed unaudited year to date figures up to September 30, 2022, being the date of the end of the first half of the current financial year, which were subject to limited review as required under Regulation 33 of the SEBI (Listing Obligation and Disclosure Requirements) Regulation, 2015.

b. Pursuant to the terms of the Investment Management Agreement, the fees will be paid to the Investment Manager for the services provided by it ("Management Fees"). The Management Fees have been revised for the Financial Year with the approval of the Unitholders, where the votes cast by Unitholders so entitled and voting in favor of a resolution are not less than one-and-a-half times the votes cast against such resolution. Pursuant to a resolution of the Unitholders, the Management Fees for the Financial Year 2023 has been revised to Rs.47.70 millions.

c. In accordance with the Project Implementation Agreements, the fees and remuneration payable by the Project SPVs to the Project Manager has been worked out and agreed upon for the duration of current financial year, between the Project Manager, Investment Manager and the respective Project SPV, on an arm's length basis, after taking into account the extent of work to be done in respect of maintenance and other services to be provided by the Project Manager to such Project SPV.

c Statement of contingent liabilities and commitments

(Rs. in millions)

Contingent liabilities not provided for

Particulars	As at March 31, 2023 [#]	As at September 30, 2022 [#]	As at March 31, 2022 [#]
Contingent liability	-	-	-

UTL, CGTL and KGTL have filed Writ petition with Hon'ble Rajasthan High Court with prayer to commence payment of Premium to National Highways Authority of India (NHAI) six months post actual completion of the project construction work. The Hon'ble High Court prima facie agreed with the contention of these companies and had provided interim relief from payment of premium. Vide judgement order dated 25th August, 2021, the Hon'ble High Court found merit in the contention of the companies and has directed the parties to resolve the dispute under Arbitration. The said matter is currently pending under Arbitration.

Commitments

Particulars	As at March 31, 2023	As at September 30, 2022	As at March 31, 2022
Estimated value of contracts in capital account remaining to be executed	14,295.07	17,199.75	625.98
Total	14,295.07	17,199.75	625.98

INDEPENDENT AUDITORS' REPORT ON THE HALF YEARLY AND YEAR TO DATE STANDALONE FINANCIAL RESULTS OF THE IRB INFRASTRUCTURE TRUST

(pursuant to regulation 23 of the SEBI (Infrastructure Investment Trusts) Regulation, 2014, as amended)

To,

The Board of Directors,

MMK Toll Road Private Limited,

("the Investment Manager to the Trust")

Off No-11th Floor/1101, Hiranandani Knowledge Park,

Technology Street, Hill Side Avenue,

Powai, Mumbai 400 076 Maharashtra, India

REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL RESULTS

OPINION

We have audited the accompanying Statement of Standalone Financial result of IRB Infrastructure Trust ("the InvIT" or "the Trust") consisting of the Statement of Profit and Loss including Other Comprehensive Income, Explanatory notes thereto and the additional disclosure as required in paragraph 6 of Annexure A to the SEBI Circular No. CIR/IMD/DF/127/2016 dated November 29, 2016 ("SEBI Circular") for the half year and for the year ended March 31, 2023 ("the statement"), attached herewith, being submitted by the Trust pursuant to the requirements of Regulation 23 of the SEBI (Infrastructure Investment Trusts) Regulation, 2014, as amended from time to time read with SEBI circular ("InvIT Regulations").

In our opinion and to the best of our information and according to the explanations given to us, the Statement:

- are presented in accordance with the requirements of Regulation 23 of the SEBI (Infrastructure Investment Trusts) Regulation, 2014, as amended and read with SEBI Circular No. CIR/IMD/DF/127/2016 dated November 29, 2016, in this regard; and
- gives a true and fair view in conformity with the applicable accounting standards, and other accounting principles generally accepted in India, of the **Net Profit and Total Comprehensive Income** and other financial information for the half year and year ended March 31, 2023.

BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing (SAs) issued by Institute of Chartered Accountants of India ("ICAI"). Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Standalone Financial Results" section of our report. We are independent of the Trust in accordance with the "Code of Ethics" issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the InvIT Regulations, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

MANAGEMENT'S RESPONSIBILITIES FOR THE STATEMENT

The Statement has been prepared on the basis of the Standalone Annual Financial Statements. Management of the Investment Manager ('the Management') is responsible for the preparation and presentation of the Standalone financial results that give a true and fair view of the **Net Profit and Total Comprehensive Income** and Other financial information of the Trust in accordance with the requirements of the InvIT regulations; Indian Accounting Standards as defined in Rule 2(1)(a) of the companies (Indian Accounting Standards) Rules, 2015 (as amended) and other accounting principles generally accepted in India, to the extent not inconsistent with the InvIT Regulations.

The Management is responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Trust and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Statement that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the statement by the Management, as aforesaid.

In preparing the Statement, the Management is responsible for assessing the ability of the trust to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Management either intends to liquidate the Trust or to cease operations, or has no realistic alternative but to do so.

The Management is responsible for overseeing the financial reporting process of the Trust.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE STANDALONE FINANCIAL RESULTS

Our objectives are to obtain reasonable assurance about whether the statement as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Statement.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also,

- Identify and assess the risks of material misstatement of the Standalone Financial Statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing our opinion on the effectiveness of the entity's internal controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of the Managements' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Trust to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Trust to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of Standalone Financial Results, including the disclosures, and whether the Standalone Financial Results represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the Trust to express an opinion on the Standalone Financial Statements of which we are the independent auditors.

We communicate with those charged with governance of the InvIT of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

OTHER MATTERS

The statement includes the Standalone financial results for the half year and for the year ended March 31, 2023 being the balancing figures between the audited figures in respect of the full financial year ended March 31, 2023 and reviewed unaudited year to date figures up to September 30, 2022, being the date of the end of the first half of the current financial year, which were subject to limited review as required under Regulation 33 of the SEBI (Listing Obligation and Disclosure Requirements) Regulation, 2015.

**INDEPENDENT AUDITOR'S REPORT****To the Unit Holders of IRB Infrastructure Trust****REPORT ON THE AUDIT OF THE CONSOLIDATED IND AS FINANCIAL STATEMENTS****OPINION**

We have audited the accompanying Consolidated Ind AS Financial Statements of IRB Infrastructure Trust ("the InvIT" or "the Trust") and its subsidiaries (the Trust and its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2023, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows, the Consolidated Statement of Changes in Unit Holder's Equity for the year then ended and the Consolidated Statement of Net Assets at Fair value as at March 31, 2023, the Consolidated Statement of Total Returns at Fair Value and the consolidated statement of Net Distributable Cash Flows ('NDCFs') of the trust and each of the subsidiaries for the year then ended, and notes to the Consolidated Financial Statements including a Summary of Significant Accounting Policies and Other Explanatory Information (hereinafter referred to as "the Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of the subsidiaries, the aforesaid consolidated financial statements give the information required by the Securities and Exchange Board of India (Infrastructure Investment Trusts) Regulations, 2014 as amended from time to time including any guidelines and circulars issued thereunder (together referred to as the "SEBI InvIT Regulations") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015 ("Ind AS"), as amended and other accounting principles generally accepted in India, of the consolidated State of Affairs of the Group as at March 31, 2023, its Consolidated Loss and Total Comprehensive Loss, consolidated movement of the unit holders' funds and its consolidated cash flows for the year ended March 31, 2023, its consolidated Net Assets at fair value as at March 31, 2023, its consolidated total Returns at fair value and the Net Distributable Cash Flows ('NDCFs') of the trust and each of the subsidiaries for the year ended March 31, 2023.

BASIS FOR OPINION

We conducted our audit of the Consolidated Financial Statements in accordance with the Standards on Auditing ("SAs") issued by the Institute of Chartered Accountants of India. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the consolidated IND AS financial statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the provisions of the SEBI InvIT Regulations and we have fulfilled our other ethical

responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Consolidated Financial Statements.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

PARTICULARS	HOW THEY WERE ADDRESSED IN OUR AUDIT
<p>1. <u>Loss on fair value measurement of other payable / deferred consideration payable to IRB Group.</u></p> <p>Pursuant to settlement of IRB Infrastructure Trust by IRB Infrastructure Developers Limited (Sponsor), as a Private INVIT, the Trust has entered into Debt Novation Agreements (DNA). As per the terms of DNA, in consideration of assets taken over in 9 SPVs, Trust has issued units and agreed to transfer to the Sponsor, the claim amounts when and to the extent the same are eventually received by Project SPVs, on account of Sponsor Claims.</p> <p>Such Sponsor Claims shall be lodged after obtaining COD by respective SPVs. The amount realizable against claims has been estimated by the valuers appointed by the Management based on the weighted average of probabilities of realization of such claims.</p> <p>Based on the fair value of liability as estimated by the valuers, a resultant impact in the value of liability has been recognized under the head 'Loss on fair value measurement of other payable'.</p>	<ul style="list-style-type: none">• We reviewed the Placement Memorandum filed with SEBI and the consequential legal documentation entered into by the Trust, including inter alia the Debt Novation Agreements and their reflection in the underlying SPVs.• We have reviewed the methodology adopted by the valuer in deriving the value including the assumptions made.• We assessed the estimates of Fair Value provided in the Valuation Report and realizability of claims as indicated therein.• We also reviewed the reasonableness of the variables applied in the said computation.• Based on the above, the fair value of liability to the Sponsor, as estimated by the valuer, taking into consideration the weighted average of probabilities of realization has been validated.
<p>2. <u>Impairment Testing</u></p> <p>The Group has toll collection rights as intangible assets pursuant to the concession agreement. The carrying value of these rights acquired under BOT basis is being compared to the recoverable value (which is value in use in the instant case) thereof to ascertain if there is any impairment.</p> <p>The process involves estimating the value in use of the asset which is determined by forecasting and discounting future cash flows. The same is sensitive to changes in discount rate, traffic</p>	<ul style="list-style-type: none">• We evaluated management's assessment on impairment for intangible assets under development and intangible assets – toll collection rights by testing the assumptions and methodologies used by the Management.• Referred to valuation reports and Traffic Growth Study Reports and determined reasonableness of future toll revenue.• Evaluated the potential changes in major components as compared to previous year vis-à-vis

PARTICULARS	HOW THEY WERE ADDRESSED IN OUR AUDIT
<p>growth rates, toll growth rates etc. The determination of the recoverable amount of the toll collection right involves significant judgment due to inherent uncertainty in the assumptions supporting the recoverable amount of these rights.</p> <p>Accordingly, the evaluation of impairment of toll collection rights has been determined as a Key Audit Matter.</p>	<p>actual performance in order to evaluate whether the inputs and assumptions used in the cash flow forecasts were suitable.</p> <ul style="list-style-type: none">• Assessed the appropriateness of the weighted average cost of capital used in determining recoverable amount.• Performed sensitivity analysis of key assumptions used in valuation.• Tested the arithmetical accuracy of the model.

INFORMATION OTHER THAN THE CONSOLIDATED FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Board of Directors of the Investment Manager is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Report of Investment Manager including annexures to Investment Manager's Report and other information as required to be given by SEBI InvIT Regulations but, does not include the Consolidated Financial Statements and our auditor's report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF THE BOARD OF DIRECTORS OF INVESTMENT MANAGER FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Board of Directors of Investment Manager ('the Management') is responsible for the preparation of these Consolidated Financial Statements that give a true and fair view of the consolidated financial position as at 31 March 2023, consolidated financial performance including other comprehensive income, consolidated movement of the unit holder's funds and consolidated cash flows for the year ended March 31, 2023, the consolidated net assets at fair value as at 31 March 2023, its consolidated total returns at fair value and the net distributable cash flow of the trust and each of its subsidiaries in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified and/or any addendum thereto as defined in Rule 2(1)(a) of Companies (Indian Accounting Standards) Rules, 2015, as amended read with the Securities and Exchange Board of India (Infrastructure Investment Trusts) Regulation

2014 as amended from time to time including any guidelines and circulars issued thereunder (together referred to as the "InvIT Regulations").

The Board of Directors of Investment Manager and the respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the relevant laws for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls for ensuring the accuracy and completeness of accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud and error, which have been used for the purpose of preparation of the consolidated financial statements by the management of the trust, as aforesaid.

In preparing the Consolidated Financial Statements, the Board of Directors of Investment Manager and respective Board of Directors of the subsidiary companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors of Investment Manager and respective Board of Directors of the subsidiary companies included in the Group either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Board of Directors of the Investment Manager and the respective Board of Directors of the subsidiary companies included in the Group are also responsible for overseeing the financial reporting process.

AUDITOR'S RESPONSIBILITY FOR THE AUDIT OF THE CONSOLIDATED IND AS FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also,

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors of the Investment Manager.
- Conclude on the appropriateness of use of the going concern basis of accounting by the Board of Directors of Investment Manager and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group of which we are the independent auditors, to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the Financial Statements of such entities included in the Consolidated Financial Statements of which we are the independent auditors. For companies included in the consolidated financial statement, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance of the trust included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the Key Audit Matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

OTHER MATTERS

We did not audit the Financial Statements and other financial information of 5 subsidiaries, whose Financial Statements reflect Total Assets of INR 1,13,238.70 Million, Net Assets of INR 35,029.67 Million as at 31 March 2023, Total Revenues of IINR 19,132.81 Million, Losses after taxes of INR 1,657.28 Million and Net Cash Inflow amounting to INR 201.07 Million for the year ended on 31 March 2023, as considered in the Consolidated Financial Statements before giving effect to elimination of intra-group transactions. These Financial Statements and other financial information have been audited by other auditor whose reports have been furnished to us by the Management and our opinion on the Consolidated Financial Statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of InvIT regulations, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditor.

Our opinion above, on the Consolidated Financial Statements, and our report on other legal and regulatory requirements below, is not modified in respect of the above matters with respect to our reliance on the work done by and the reports of the other auditor.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

Based on our audit and as required by SEBI InvIT Regulations, we report that:

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Financial Statements.

- b. The consolidated Balance Sheet, and the consolidated Statement of Profit and Loss including other comprehensive income dealt with by this report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements; and
- c. In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards (Ind AS) and / or any addendum thereto as defined in Rule 2(1)(a) of Companies (Indian Accounting Standards) Rules, 2015, as amended.

8	Less: Creation of MMRA	
9	Less: Capital expenditure towards the project	(1,332.99)
10	Total Adjustments (B)	(1,408.21)
11	Net Distributable Cash Flows (C) = (A+B)	22.48

The said funds are earmarked towards balance Capex.

Corporate Information

The IRB Infrastructure Trust (the "Trust") is a trust settled pursuant to the indenture of trust dated August 27, 2019 which is registered under the Registration Act, 1908 and under the Securities Exchange Board of India (Infrastructure Investment Trusts) Regulations, 2014 as amended from time to time. The Trust is settled by the Sponsor, IRB Infrastructure Developers Limited ("IRB" or the "Sponsor"), an infrastructure development company in India. The Trustee to the Fund is IDBI Trusteeship Services Limited (the "Trustee"). Investment manager for the Trust is MMK Toll Road Private Limited (the "Investment Manager"). The Trust has received registration certificate from SEBI on November 25, 2019.

The Trust has been formed to invest in infrastructure assets primarily being in the road sector in India. The Trust's road projects are eligible infrastructure projects under the InvIT Regulations and held through special purpose vehicles ("Project SPVs" together as "Project SPV Group"). The Trust's portfolio comprises of ten road projects as listed below:-

Project SPV Name**	Residual Concession life*	Proposed shareholding	Nature of Investment	Status	Principal Activities	Country of incorporation
IRB Westcoast Tollway Limited (IRBWTL)	18 years 11 Months 2 days	100%	Subsidiary	Tolling and Construction	Construction and operation of road including toll collection.	India
Solapur Yedeshi Tollway Limited (SYTL)	20 years 9 Months 21 days	100%	Subsidiary	Operating		India
Yedeshi Aurangabad Tollway Limited (YATL)	18 years 3 Months 1 days	100%	Subsidiary	Operating		India
Kaithal Tollway Limited (KTL)	19 years 3 Months 15 days	100%	Subsidiary	Operating		India
AE Tollway Limited (AETL)	17 years 4 Months 2 days	100%	Subsidiary	Operating		India
Udaipur Tollway Limited (UTL)	15 years 5 Months 4 days	100%	Subsidiary	Operating		India
CG Tollway Limited (CGTL)	14 years 7 Months 5 days	100%	Subsidiary	Operating		India
Kishangarh Gulabpura Tollway Limited (KGTL)	14 years 10 Months 22 days	100%	Subsidiary	Operating		India
IRB Hapur Moradabad Tollway Limited (IRBHMTL)	18 years 1 Months 25 days	100%	Subsidiary	Operating		India
Palsit Dankuni Tollway Private Limited (PDTPL) w.e.f 02.04.2022	16 years 0 Months 1 days	100%	Subsidiary	Tolling and Construction		India

* Represents residual concession life as at March 31, 2023 as per original concession period (without considering extension of concession period, if any).

** Of the above Project SPVs, IRBWTL, SYTL, YATL, AETL, CGTL, UTL and IRBHMTL have been converted to public companies on November 13, 2019 and KTLand KGTL on November 14, 2019.

The registered office of the Investment Manager is Off No-11th Floor/1101 Hiranandani Knowledge Park, Technology Street, Hill Side Avenue, Powai Mumbai 400076.

The financial statements were authorised for issue in accordance with resolution passed by the board of directors of the Investment manager on May 12, 2023.

The Trust has been listed on NSE w.e.f. 03.04.2023.

2 Basis of preparation

A. Statement of compliance

The Consolidated Financial Statements of Project SPV Group comprises of Consolidated Balance Sheet as at March 31, 2023 and March 31, 2022, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income) of the Project SPV group, the Consolidated Statement of Cash Flow Statement, the Consolidated Statement of Changes in Equity of the movement of the unit holders for the year ended March 31, 2023 and March 31, 2022, the consolidated statement of Net Assets at Fair Value as at March 31, 2023 and March 31, 2022 and the Consolidated Statement of Total Returns at Fair Value for the year ended March 31, 2023 and March 31, 2022, a summary of significant accounting policies, notes and other explanatory information.

The Consolidated Financial Statements of the Project SPV Group have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of the Act, read with SEBI (Infrastructure Investment Trusts) Regulations, 2014, as amended and the circulars issued thereunder ("InvIT Regulations") and other accounting principles generally accepted in India. The Consolidated Financial Statements have been prepared on an accrued and historical cost basis, except for certain assets and liabilities which have been measured at fair value.

The Consolidated Financial Statements are presented in Rs. in millions, except when otherwise indicated. Wherever the amount represented '0' (zero) construes value less than Rupees five thousand.

B Basis of preparation of Consolidated Financial Statements

The Consolidated Financial Statements comprise the Financial Statements of the Project SPV Group.

Consolidated Financial Statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances.

The Financial Statements of all Project SPVs used for the purpose of consolidation are drawn up to the same reporting date i.e. year ended on March 31.

Consolidation procedure:

(a) Consolidate like items of assets, liabilities, equity, income, expenses and cash flows of Project SPVs.

(b) Eliminate in full intra Project SPVs assets and liabilities, income, expenses and cash flows relating to transactions between Project SPVs of the Project SPV Group (profits or losses resulting from intra Project SPV Group transactions that are recognised in assets, such as inventory and property, plant and equipment, are eliminated in full). Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the Project SPV Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance.

3 Summary of significant accounting policies

3.01 Current versus non-current classification

The Project SPV Group has identified twelve months as its operating cycle. The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

The Project SPV Group presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Project SPV Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

3.02 Use of estimates and judgements

The preparation of the Project SPV Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future years.

Estimates and assumptions

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimates are revised and future periods are affected.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Project SPV Group based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

Fair value measurement of financial instruments (refer note 31)

Provision for major maintenance (refer note 20)

Impairment of non financial assets (refer note 3.19)

3.03 Business Combinations

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at fair value on acquisition date and the amount of any non-controlling interests in the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Group re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognises the gain directly in equity as capital reserve, without routing the same through OCI.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

A cash generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit.

Any impairment loss for goodwill is recognised in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods. Where goodwill has been allocated to a cash-generating unit and part of the operation within that unit is disposed of, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

3.04 Asset acquisition

The acquisition of an asset or a group of assets that does not constitute a business. In such cases the acquirer shall identify and recognise the individual identifiable asset acquired including those assets that meet the definition of, and recognition criteria for, intangible asset in IND AS 38, Intangible Assets and Liabilities assumed. The cost of the group is allocated to the individual identifiable assets and liabilities on the basis of their relative fair values at the date of purchase. Such a transaction or event does not give rise to goodwill.

3.05 Fair value measurement

The Project SPV Group measures financial instruments, (refer note 31) at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Project SPV Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Project SPV Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2- Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 -Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Project SPV Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Project SPV Group's Management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for distribution in discontinued operations.

At each reporting date, the Management analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Project SPV Group's accounting policies. For this analysis, the Management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The management also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

On an annual basis, the Management presents the valuation results to the Investment Manager and the Project SPV Group's independent auditors. This includes a discussion of the major assumptions used in the valuations.

For the purpose of fair value disclosures, the Project SPV Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

Disclosures for valuation methods, significant estimates and assumptions (note 3.02)

Financial instruments (including those carried at amortised cost) (note 5,6,7,11,17,18,19,31)

Quantitative disclosure of fair value measurement hierarchy (note 32)

3.06 Revenue recognition

The Project SPV Group has applied the following accounting policy for revenue recognition:

Revenue from contracts with customers:

The Project SPV Group recognises revenue from contracts with customers based on a five step model as set out in Ind AS 115:

Step 1. Identify the contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2. Identify the performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3. Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4. Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company will allocate the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5. Recognise revenue when (or as) the entity satisfies a performance obligation.

The Project SPV Group satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

1. The customer simultaneously receives and consumes the benefits provided by the Project SPV Group's performance as the Project SPV Group performs; or
2. The Project SPV Group's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
3. The Project SPV Group's performance does not create an asset with an alternative use to the Project SPV Group and the entity has an enforceable right to payment for performance completed to date.

Contract revenue

Contract revenue associated with the utility shifting incidental to construction of road are recognized as revenue by reference to the stage of completion of the projects at the balance sheet date. The stage of completion of project is determined by the proportion that contract cost incurred for work performed up to the balance sheet date bears to the estimated total contract costs.

Project SPVs operations involve levying of GST on the construction work. Goods and Service tax is not received by the project SPVs on its own account, rather, it is tax collected on value added to the commodity by the seller on behalf of the government. Accordingly, it is excluded from revenue.

Income from the concession arrangements earned under the intangible asset model consists of the (i) fair value of contract revenue, which is deemed to be fair value of consideration transferred to acquire the asset; and (ii) payments actually received from the users. The intangible asset is amortised over its expected useful life in a way that reflects the pattern in which the asset's economic benefits are consumed by the Project SPV Group, starting from the date when the right to operate starts to be used. Based on these principles, the intangible asset is amortised in line with the actual usage of the specific public utility facility, with a maximum of the duration of the concession.

Income from toll contracts

The income from Toll Contracts on BOT basis are recognised on actual collection of toll revenue (net of Premium and revenue share payable to NHAI) as per Concession Agreement. Revenue from electronic toll collection is recognised on accrual basis.

Interest income

For all financial assets measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Project SPV Group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in finance income in the statement of profit and loss.

Dividends

Revenue is recognised when the Project SPV Group's right to receive the payment is established, which is generally when shareholders approve the dividend.

Trade receivables

A receivable represents the Project SPV Group's right to an amount of consideration that is unconditional i.e. only the passage of time is required before payment of consideration is due.

3.07 Government Grants

Grants and subsidies from the government are recognised if the following conditions are satisfied.

There is reasonable assurance that the Project SPV Group will comply with the conditions attached to it.

Such benefits are earned and reasonable certainty exists of the collection.

Government grants are recognised in accordance with the terms of the respective grant on accrual basis considering the status of compliance of prescribed conditions and ascertainment that the grant will be received.

Grant received are considered as a part of the total outlay of the construction project and accordingly, the same is reduced from the gross value of assets.

3.08 Taxes

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities in accordance with the Income Tax Act, 1961. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date in the country where the Company operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- In respect of taxable temporary differences associated with investments in subsidiaries, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit and loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Tax benefits acquired as part of a business combination, but not satisfying the criteria for separate recognition at that date, are recognised subsequently if new information about facts and circumstances change. Acquired deferred tax benefits recognised within the measurement period reduce goodwill related to that acquisition if they result from new information obtained about facts and circumstances existing at the acquisition date. If the carrying amount of goodwill is zero, any remaining deferred tax benefits are recognised in OCI/ capital reserve depending on the principle explained for bargain purchase gains. All other acquired tax benefits realised are recognised in the consolidated statement of profit and loss. Deferred tax is recognised in consolidated statement of profit and loss on the consolidated adjustments.

Minimum Alternate Tax (MAT)

Minimum Alternate Tax (MAT) paid as per Indian Income Tax Act, 1961 is in the nature of unused tax credit which can be carried forward and utilised when the Project SPV Group will pay normal income tax during the specified period. Being DTA tax credit is recognised to the extent that it is probable that the unused tax credit can be utilised in the specified future period. The net amount of tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

Goods and service tax paid on acquisition of assets or on incurring expenses

Expenses and assets are recognised net of the amount of goods and service tax paid, except:

When the tax incurred on a purchase of assets or services is not recoverable from the tax authority, in which case, the tax paid is recognised as part of the cost of acquisition of the asset or as part of the expense item, as applicable.

When receivables and payables are stated with the amount of tax included. The net amount of tax recoverable from, or payable to, the tax authority is included as part of receivables or payables in the balance sheet.

3.09 Property, plant and equipment

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment losses if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Any trade discount or rebates are deducted in arriving at the purchase price.

Depreciation is calculated on written down value method (WDV) using the useful lives as prescribed under the Schedule II to the Companies Act, 2013 or re-assessed by the Project SPV Group based on technical evaluation. The Project SPV Group has estimated the following useful lives for its tangible fixed assets:

Asset class	Useful life
Building	30 years*
Office equipment	5 years
Computers	3 years
Furniture & fixtures	10 years

* The useful life of building has been calculated by management as per their technical estimate.

3.10 Intangible assets

The Project SPV Group exercised first time adoption under Ind AS 101 and has elected to continue with the carrying value of its "Toll Collection Rights" (Intangible Assets) including corresponding obligation, as recognised in the financial statements as at the date of transition April 1, 2016 measured as per the Previous GAAP and uses that as its deemed cost as at date of transition.

Toll collection rights are stated at cost, less accumulated amortisation, impairment losses and grant from government. Cost includes:

- a) For acquired Toll Collection Rights - Upfront payments towards acquisition and incidental expenses related thereto.
- b) Toll Collection Rights awarded by the grantor against construction service rendered by the Project SPV Group on BOT / DBFOT basis - Direct and indirect expenses on construction of roads, bridges, culverts, infrastructure and other assets at the toll plazas.
- c) Toll Collection Rights in lieu of premium - Undiscounted premium obligation over the concession period.

Amortisation

Toll Collection Rights are amortised over the period of concession, using revenue based amortisation as prescribed in Ind As-36. Under this method, the carrying value of the rights is amortised in the proportion of actual toll revenue for the year to projected revenue for the balance toll period, to reflect the pattern in which the assets economic benefits will be consumed. At each balance sheet date, the projected revenue for the balance toll period is reviewed by the management. If there is any change in the projected revenue from previous estimates, the amortisation of toll collection rights is changed prospectively to reflect any changes in the estimates.

Intangible assets under development

Expenditure related to and incurred during implementation of project are included under "Intangible Assets under Development". The same will be transferred to the respective intangible assets on completion of project.

3.11 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences between the foreign currency borrowing and the functional currency borrowing to the extent regarded as an adjustment to the borrowing costs.

3.12 Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

Project SPV Group as a lessee

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Project SPV Group will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the Project SPV Group is classified as a finance lease.

Operating lease payments are recognised as an expense in the consolidated statement of profit and loss on a straight-line basis over the lease term.

Ind AS 116 - Leases

Ind AS 116, Leases, sets out principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases, except short-term leases and leases for low-value items, under a single on-balance sheet lease accounting model. A lessee recognises a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. Lessor accounting largely unchanged from the existing standard – i.e. lessors continue to classify leases as finance or operating leases.

Based on the preliminary assessment, the Company does not expect any significant impacts on transition to Ind AS 116. This assessment is based on currently available information and may be subject to changes arising from further reasonable and supportable information when the standard will be adopted.

Project SPV Group as a lessor

Leases in which the Project SPV Group does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Project SPV Group to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Project SPV Group's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

3.13 Provisions

Provisions are recognised when the Project SPV Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Project SPV Group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

3.14 Resurfacing expenses

As per the Concession Agreements, the Project SPV Group is obligated to carry out resurfacing of the roads under concession. Provision required for resurfacing expenses are measured at the present value of the expenditure required to settle the present obligation at the end of reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects risks specific to the liability. The increase in the provision due to the passage of time is recognised as finance cost. Provision for the planned expenditure is made for the period upto end of the period for which periodic maintenance is required, out of the total entitled period. The same is stated in the consolidated statement of profit and loss in accordance with Ind AS 37 "Provisions, Contingent Liabilities and Contingent Assets."

3.15 Contingent liability and Contingent assets

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Project SPV Group or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Project SPV Group does not recognise a contingent liability but discloses its existence in the financial statements.

A contingent assets is not recognised unless it becomes virtually certain that an inflow of economic benefits will arise. When an inflow of economic benefits is probable, contingent assets are disclosed in the financial statements.

Contingent liabilities and contingent assets are reviewed at each balance sheet date.

3.16 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through statement of profit and loss, transaction costs that are attributable to the acquisition of the financial asset.

On initial recognition, a financial asset is classified as measured of

- amortised cost
- FVOCI - Debt instruments
- FVOCI - equity instruments
- FVTPL

Financial assets are not reclassified subsequent to their initial recognition, except if and in the year, the Project SPV Group changes its business model for managing financial assets.

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss.

Debt instrument at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Project SPV Group recognizes interest income, impairment losses and reversals and foreign exchange gain or loss in the statement of profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to Statement of profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as at FVTOCI, is classified as at FVTPL.

In addition, the Project SPV Group may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). The Project SPV Group has designated certain debt instrument as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of profit and loss.

Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Project SPV Group may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Project SPV Group makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Project SPV Group decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Project SPV Group may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of profit and loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a Project SPV Group of similar financial assets) is primarily derecognised (i.e. removed from the Project SPV Group's consolidated balance sheet) when:

- The rights to receive cash flows from the asset has expired, or
- The Project SPV Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Project SPV Group has transferred substantially all the risks and rewards of the asset, or (b) the Project SPV Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Project SPV Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Project SPV Group continues to recognise the transferred asset to the extent of the Project SPV Group's continuing involvement. In that case, the Project SPV Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Project SPV Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Project SPV Group could be required to repay.

Impairment of financial assets

In accordance with Ind AS 109, the Project SPV Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance
 - Financial assets that are debt instruments and are measured as at FVTOCI
 - Lease receivables under Ind AS 17
 - Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18 (referred to as contractual revenue receivables' in these financial statements)
 - Loan commitments which are not measured as at FVTPL
 - Financial guarantee contracts which are not measured as at FVTPL
- The Project SPV Group follows 'simplified approach' for recognition of impairment loss allowance on:
- Trade receivables; and
 - Other receivables

The application of simplified approach does not require the Project SPV Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Project SPV Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Project SPV Group in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument. -
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms
- Financial assets measured as at amortised cost, contractual revenue receivables and lease receivables: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Project SPV Group does not reduce impairment allowance from the gross carrying amount.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through Statement of profit and loss, loans and borrowings, or payables, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Project SPV Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through Statement of profit and loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through statement of profit and loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Project SPV Group that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109.

Gains or losses on liabilities held for trading are recognised in the consolidated statement of profit and loss.

Loans and borrowings

This is the category most relevant to the Project SPV Group. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in statement of profit and loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

This category generally applies to borrowings. For more information refer note 16.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the consolidated statement of profit and loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the standalone balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

3.17 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprises of cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, as they are considered an integral part of the Project SPV Group's cash management.

3.18 Cash dividend to equity holders of the Project SPV Group

The Project SPV Group recognises a liability to make cash or non-cash distributions to equity holders of the parent when the distribution is authorised and the distribution is no longer at the discretion of the Project SPV Group. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

3.19 Impairment of non-financial assets

The Project SPV Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Project SPV Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or Project SPV Group's of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Project SPV Group bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Project SPV Group's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Project SPV Group extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the entity operates, or for the market in which the asset is used.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Project SPV Group estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit and loss.

Goodwill is tested for impairment annually as at 31 March and when circumstances indicate that the carrying value may be impaired.

Impairment is determined for goodwill by assessing the recoverable amount of each CGU (or Project SPV Group of CGUs) to which the goodwill relates. When the recoverable amount of the CGU is less than its carrying amount, an impairment loss is recognised. Impairment losses relating to goodwill cannot be reversed in future periods.

Intangible assets with indefinite useful lives are tested for impairment annually as at 31 March at the CGU level, as appropriate, and when circumstances indicate that the carrying value may be impaired.

3.20 Segment information

Based on "Management Approach" as defined in Ind AS 108 - Operating Segments, the Management ("the Board of Directors") evaluates the Project SPV Group's performance and allocates the resources based on an analysis of various performance indicators by business segments. Inter segment sales and transfers are reflected at market prices.

Unallocable items includes general corporate income and expense items which are not allocated to any business segment.

Segment policies:

Based on "Management Approach" as defined in Ind AS 108 - Operating Segments, the Management evaluates the Project SPV Group's performance and allocates the resources based on an analysis of various performance indicators by business segments. Inter segment sales and transfers are reflected at market prices.

Unallocable items includes general corporate income and expense items which are not allocated to any business segment.

The Project SPV Group prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Project SPV Group as a whole. Common allocable costs are allocated to each segment on an appropriate basis.

3.21 Earnings per unit

Basic earnings per unit are calculated by dividing the net profit or loss for the period attributable to unitholders by the weighted average number of units outstanding during the period. For the purpose of calculating diluted earnings per unit, the net profit or loss for the period attributable to unitholders and the weighted average number of units outstanding during the period are adjusted for the effects of all dilutive potential units.

3.22 Foreign currencies

The Trust's financial statements are presented in INR, which is also the Trust's functional currency. The Trust does not have any foreign operation and has assessed the functional currency to be INR.

Transactions and balances

Transactions in foreign currencies are initially recorded by the Trust at their respective functional currency spot rates at the date the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Differences arising on settlement or translation of monetary items are recognised in the statement of profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

3.23 Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

Ind AS 1: Disclosure of Material Accounting policy information and similar consequential amendment to Ind AS 34.

Ind AS 1: Disclosure of the judgements, apart from those involving estimations, that management has made in the process of applying the entity's accounting policies and that have the most significant effect on the amounts recognised in the financial statements.

Ind AS 8: Definition of Accounting Estimate as "Accounting estimates are monetary amounts in financial statements that are subject to measurement uncertainty". Further amendments to paragraphs defining Changes to Accounting Estimates.

Ind AS 12: Amendments to taxable temporary difference, initial recognition of asset or liability and Deductible tax differences.

Ind AS 12: Deferred tax related to assets and liabilities arising from Single Transaction.

Ind AS 107: Information about measurement basis (or bases) for financial instruments to be disclosed as material accounting policy.

Ind AS 109: Amendment to paragraph on reassessment of embedded derivative.

Ind AS 115: Amendments to Appendix 1 which gives there in the major differences, if any, between Indian Accounting Standard (Ind AS) 115 and the corresponding International Financial Reporting Standard (IFRS) 15, Revenue from Contracts with Customers, IFRIC 12, Service Concession Arrangements and SIC 29 Service Concession Arrangements: Disclosures, issued by the International Accounting Standards Board

Based on the preliminary assessment, the company does not expect these amendment to have any significant impact on its consolidated financial statements.

Debt service reserve account/ major maintenance reserve account and trust, retention and other escrow accounts
Bank deposits are marked lien / pledged against the non current secured loan as per term loan agreement with the lender, further the lenders have first charge on trust, retention and other escrow accounts.

* First charge on above to the extent of amount payable as per the waterfall mechanism as defined in the Concession Agreement / Common Loan Agreement.

** The deposits to the extent of Rs. 3,459.60 millions (March 31, 2022 : Rs. 2,365.43 millions) maintained by the Project SPV Group with bank includes time deposits, which are held against Debt Service Reserve (DSR), are considered as current portion under the head "Other bank balances" since the same are encashable by the lenders in the event of default by the Project SPV Group, if any.

Current deposits are made for varying periods of between one day and three months, depending on the immediate cash requirements of the group and earn interest at the respective current deposit rates. Other time deposits earn interest at the rate of 4.70% to 7.95% p.a.

Refer note 16 for details of security against term loans.

(i) Project loans for SPVs

March 31, 2023: Rs.1,01,369.83 millions; March 31, 2022: Rs. 94,124.22 millions; pertains to term loans taken by SPV's (Special Purpose Vehicles) for Project financing.

Rate of interest

Rate of interest on the Indian Rupee loan from banks and financial institutions varies from 7.75% to 10.75% p.a. (March 31, 2022: 8.25% to 10.40% p.a.) and are secured by pledge of shares of its subsidiaries and subservient charge on the current assets of the company to the extent of 125% of the outstanding loan.

Nature of security

i) Secured by first charge on the movable/immovable asset by way of mortgage/hypothecation; first charge on all intangible assets, present and future; assignment of all receivables; book debts and all rights and interest in project, both present and future, excluding the Project Assets of respective companies;

ii) Secured by first charge on the Escrow Account, Debt Service Reserve Account and any other reserves and other bank accounts of the respective Companies.

iii) An irrevocable and unconditional corporate guarantee from IRB Infrastructure Developers Limited to meet shortfall (if any) between debt due and termination payments received from Concessing Authority in case of termination of Concession Agreement for any reason in case of Project SPV's.

Repayment terms

The Indian rupee loans are repayable in structured monthly installments commencing after commercial operation date such that the total tenor does not exceed 17 years and repayable as per the repayment schedule specified in common loan agreement with the Lenders.

UTL, CGTL and KGTL have filed Writ petition with Hon'ble Rajasthan High Court with prayer to commence payment of Premium to National Highways Authority of India (NHAI) six months post actual completion of the project construction work. The Hon'ble High Court prima facie agreed with the contention of these companies and had provided interim relief from payment of premium. Vide judgement order dated 25th August, 2021, the Hon'ble High Court found merit in the contention of the companies and has directed the parties to resolve the dispute under Arbitration. The said matter is currently pending under Arbitration.

During the year premium payment to NHAI has been commenced in IRBHM and KGTL.

Note 29 : Trade payable

Under the Micro, Small and Medium Enterprises Development Act, 2006 ('MSMED') which came into force from 2 October 2006, certain disclosures are required to be made relating to Micro, Small and Medium enterprises. On the basis of the information and records available with the management, there are no overdue amount to the Micro and Small enterprises as defined in the Micro, Small Medium Enterprises Development Act, 2006 as set out in the following disclosures:

The disclosure in respect of the amount payable to enterprises which have provided goods and services to the Group and which qualify under the definition of micro and small enterprises, as defined under Micro, Small and Medium Enterprises Development Act, 2006 has been made in the consolidated financial statement as at March 31, 2023 based on the information received and available with the Group.

Particulars	March 31, 2023	March 31, 2022
Principal amount remaining unpaid to any supplier as at the period end	1.61	3.69
Interest due thereon	-	-
Amount of interest paid by the Company in terms of section 16 of the MSMED, along with the amount of the payment made to the supplier beyond the appointed day during the accounting period.	-	-
Amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the period) but without adding the interest specified under the MSMED, 2006	-	-
Amount of interest accrued and remaining unpaid at the end of the accounting period	-	-
The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under the MSMED Act, 2006	-	-

a) MSME ageing schedule as at

Particulars	March 31, 2023	March 31, 2022
MSME Undisputed Dues	-	-
Less than 1 year	1.61	3.69
1-2 Years	-	-
2-3 Years	-	-
More than 3 years	-	-
Total dues to micro and small enterprises as per MSMED Act, 2006	1.61	3.69

There are no disputed dues to micro and small enterprises as per MSMED Act, 2006. The amounts payable to MSME are not due for payments.

b) Ageing of creditors other than micro enterprises and small enterprises as at

Particulars	March 31, 2023	March 31, 2022
Undisputed Dues		
Less than 1 year	7,438.37	13,369.16
1-2 Years	9,433.59	3,808.21
2-3 Years	2,559.45	12.82
More than 3 years	38.18	23.32
Total dues to creditors other than micro enterprises and small enterprises as at	19,469.59	17,213.50

There are no disputed dues to creditors other than micro enterprises and small enterprises.

c) out of the above unbilled amount 2,660.17 3,191.66

Note 30 : Intangible Asset under development ageing schedule

IRB Infrastructure Trust
Notes to Consolidated Financial Statements for the year ended March 31, 2023

Note 31 : Fair values

The carrying values of financials instruments of the Group are reasonable and approximations of fair values.

	Carrying amount		Fair Value	
	March 31, 2023	March 31, 2022	March 31, 2023	March 31, 2022
Financial assets				
<u>Financial assets measured at amortised cost</u>				
Loans	-	-	-	-
Other Financial assets	1,448.89	1,606.92	1,448.89	1,606.92
<u>Financial assets measured at fair value through statement of Profit & Loss</u>				
Investments (Quoted)	1,283.09	659.54	1,283.09	659.54
<u>Financial assets measured at amortised cost</u>				
Investments (Unquoted)	-	-	-	-
<u>Trade receivable</u>	84.67	51.55	84.67	51.55
<u>Cash and cash equivalents</u>	731.31	287.23	731.31	287.23
<u>Other Bank balances</u>	4,866.69	2,469.97	4,866.69	2,469.97
Financial liabilities				
<u>Financial liabilities measured at amortised cost</u>				
Trade payables	19,471.20	17,217.19	19,471.20	17,217.19
Borrowings	1,05,079.60	97,279.00	1,05,079.60	97,279.00
Other financial liabilities	38,330.17	38,191.92	38,330.17	38,191.92

The management assessed that the fair value of cash and cash equivalents, trade receivables, trade payables, bank overdrafts and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The discount for lack of marketability represents the amounts that the Group has determined that market participants would take into account when pricing the investments.

Note 32 : Fair value hierarchy

All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy described as follows, based on the lowest level input that is significant to the fair value measurement as a whole.

Level 1: Quoted (unadjusted) price in active market for identical assets or liabilities

Level 2: Valuation technique for which the lowest level input that has a significant effect on the fair value measurement are observed, either directly or indirectly

Level 3: Valuation technique for which the lowest level input has a significant effect on the fair value measurement is not based on observable market data.

IRB Infrastructure Trust
Notes to Consolidated Financial Statements for the year ended March 31, 2023

Quantitative disclosures fair value measurement hierarchy for financial instruments as at March 31, 2023:

Other financial liabilities	38,191.92	-	-	38,191.92

There has been no transfer between Level 1, Level 2 & Level 3 during the year.

Note 33 : Financial risk management objectives and policies

The Group's risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities.

The Board of Directors have overall responsibility for the establishment and oversight of the Group's risk management framework.

In performing its operating, investing and financing activities, the Group is exposed to the Credit risk, Liquidity risk and Currency risk.

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits, FVTOCI investments and derivative financial instruments.

Credit risk on financial assets

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

Financial instruments

Credit risk from balances with banks, trade receivables, loans and advances and financial institutions is managed by the Group's management in accordance with the Group's policy. Investments of surplus funds are made only with approved counterparties and within credit limits assigned to each counterparty. Counterparty credit limits are reviewed by the top management on an annual basis, and may be updated throughout the year subject to approval of the Company's board of directors. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

Trade receivables and Loans and Advances

Customer credit risk and Loans and advances is managed by each business unit subject to the Group's established policy, procedures and control relating to customer credit risk management. An impairment analysis is performed at each reporting date on an individual basis for major trade receivables and loan and advances. The Group has not identified any impairment loss as at March 31, 2023.

The following table provides information about the ageing of gross carrying amount of trade receivables as at :

Gross Carrying Amount	(Rs in millions)	
	March 31, 2023	March 31, 2022
Undisputed Trade receivables -		-
Less than 6 months	33.02	-
6 months - 1 year	0.10	29.37
1-2 Years	29.37	0.51
2-3 Years	0.51	21.66
More than 3 years	21.66	
Total	84.67	51.55

Other financial assets

Credit risk from balances with banks and financial institutions is managed by the Group in accordance with the Group's policy. Investments of surplus funds are made only in highly marketable debt instruments with appropriate maturities to optimise the cash return on instruments while ensuring sufficient liquidity to meet its liabilities.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The

Group's exposure to the risk of changes in market interest rates relates primarily to the Group's long-term debt obligations with floating interest rates.

The Group manages its interest rate risk by having a balanced portfolio of fixed and variable rate borrowings.

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected, after excluding the credit exposure on fixed rate borrowing. With all other variables held constant, the Group's profit before tax is affected through the impact on floating rate borrowings, as follows:

IRB Infrastructure Trust
Notes to Consolidated Financial Statements for the year ended March 31, 2023

	(Rs in millions)			
	Borrowings		Fixed Deposits	
	March 31, 2023		March 31, 2022

- INR	50 bps	50 bps	50 bps	50 bps
Effect on profit before tax				
- INR Millions	506.85	(24.33)	470.62	(12.35)

Liquidity risk

Liquidity risk is the risk that the Group may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses.

The Group's objective is to, at all times maintain optimum levels of liquidity to meet its cash and collateral requirements. The Group closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate sources of financing including debt from banks at an optimised cost.

The table below summarises the maturity profile of the Group's financial liabilities based on contractual undiscounted payments:

As at March 31, 2023	Carrying amt	Total	On Demand	Less than 1 year	1 to 5 years	> 5 years
	Long term Borrowings (Gross of unamortised transaction cost)	1,06,725.97	1,06,725.97	5,350.72	784.93	17,853.83

Note 35 : Capital management

Capital includes equity attributable to the unitholders to ensure that it maintains an efficient capital structure and healthy capital ratios in order to support its business and maximise unitholder value. The Group manages its capital structure and makes adjustments to it, in light of changes in economic conditions or its business requirements. To maintain or adjust the capital structure, the Project SPV Group may adjust the dividend payment to unitholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies or processes during the year ended March 31, 2023.

The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. Net debt is calculated as loans and borrowings less cash and cash equivalents.

	March 31, 2023	March 31, 2022
Borrowings	1,05,079.60	97,279.00
Less: cash and cash equivalents (Note 10)	(731.31)	(287.23)
Net debt	1,04,348.29	96,991.77
Equity (Note 14 and 15)	77,533.53	77,396.04
Total equity	77,533.53	77,396.04
Capital and net debt	1,81,881.82	1,74,387.81
Gearing ratio (%)	57.37%	55.62%

In order to achieve this overall objective, the Group's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing borrowings in the current period.

Note 36: Details of Project management fees and Investment management fees

Details of fees paid to project manager and investment manager as required pursuant to SEBI Circular No, CIR/MD/DFII27i2016, dated November 29,2016 are as under:

i) Project Management Fees

In accordance with the Project Implementation Agreements, the fees and remuneration payable by the Project SPVs to the Project Manager has been worked out and agreed upon for the duration of current financial year, between the Project Manager, Investment Manager and the respective Project SPV, on an arm's length basis, after taking into account the extent of work to be done in respect of maintenance and other services to be provided by the Project Manager to such Project SPV.

ii) Investment Management Fees

Pursuant to the terms of the Investment Management Agreement, the fees will be paid to the Investment Manager for the services provided by it ("Management Fees"). The Management Fees have been revised for the Financial Year with the approval of the Unitholders, where the votes cast by Unitholders so entitled and voting in favor of a resolution are not less than one-and-a-half times the votes cast against such resolution, Pursuant to a resolution of the Unitholders, the Management Fees for the Financial Year 2023 has been revised to Rs.47.70 millions

Note 37: Revenue share / premium payment to NHAI

(a) During the year ended March 31, 2023, the Group has paid/accrued Rs. 5,671.70 millions (March 31, 2022, Rs. 1,779.36 millions) as Revenue Share to National Highways Authority of India ("NHAI") out of its toll collection in accordance with the Concession Agreements entered with NHAI. Income from Operations in the financials for the above periods is net off the above Revenue Share to NHAI.

(b) During the year ended March 31, 2017, AE Tollway Limited (AETL) has entered into a Concession agreement (CA) with NHAI for a period of 24 years. As per the terms of the CA, AETL has agreed to pay a premium in the form of "Additional Concession Fee" equal to Rs. 810.00 millions for the first year and each subsequent year such premium shall be determined by increasing the amount of premium in the respective year by an additional 5% as compared to the immediately preceding year. Management based on the legal opinion obtained and their evaluations of the terms of the CA, believes that such premium payable is restricted to the toll collection during the year and is in the form of revenue sharing arrangement. Accordingly, the premium payable for the year is accounted for as revenue share. The said treatment has been followed in case of KGTL and IRBHM where premium payment has commenced during the current year.

Note 38: Grant from Government Authorities

As per Article 25 of the respective Concession Agreement with the National Highways Authority of India ('NHAI' or 'the Grantor'), the Concessionaires are entitled to receive Grant for meeting the part of the project cost subject to the conditions laid down in the concession agreement. The details are as under:

(Rs in millions)

Name of the Company	Eligible for Grant	Grant received in FY 2016-17	Grant received in FY 2017-18	Grant received in FY 2018-19	Grant yet to be received
SYTL	1,890.00	1,391.70	403.80	94.50	-
KTL	2,340.00	1,533.79	806.21	-	-
YATL	5,580.00	-	4,230.24	1,349.76	-
IRBWTL	5,362.20	4,512.30	-	849.90	-
Total	15,172.20	7,437.79	5,440.25	2,294.16	-

Note 39 : Events after reporting period

The Trust has been listed on NSE from April 3, 2023.

Note 40: Information on segment reporting pursuant to Ind AS 108 - Operating Segments

The Project SPV Group has identified business segment in accordance with Indian Accounting Standard 108 "Operating Segment" notified under section 133 of the Companies Act 2013, read together with relevant rules issued thereunder. The Group has identified Built, Operate and Transfer ('BOT') as its single reportable segment. Moreover the Group's activities are restricted within India and hence no separate geographical segment disclosure is considered necessary.

IRB Infrastructure Trust

INDEPENDENT AUDITOR'S REPORT

To the Unit Holders of IRB Infrastructure Trust

REPORT ON THE AUDIT OF THE STANDALONE IND AS FINANCIAL STATEMENTS

OPINION

We have audited the accompanying Standalone Ind AS Financial Statements of IRB Infrastructure Trust ("the InvIT" or "the Trust"), which comprise the Standalone Balance Sheet as at March 31, 2023, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Cash Flows, the Standalone Statement of Changes in Unit Holders' Equity and the Standalone Statement of Net Assets at Fair value as at March 31, 2023 and the Standalone Statement of Total Returns at Fair Value and the Standalone Statement of Net Distributable Cash Flows ('NDCFs') for the year then ended, and notes to the Standalone Financial Statements including a Summary of Significant Accounting Policies and Other Explanatory Information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Securities and Exchange Board of India (Infrastructure Investment Trusts) Regulations, 2014 as amended from time to time including any guidelines and circulars issued thereunder (together referred to as the "SEBI InvIT Regulations") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards (Ind AS) and/or any addendum thereto as defined in the rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the State of Affairs of the Trust as at March 31, 2023, its profits and total comprehensive income, movement of Unit Holders' fund and its Cash flows for the year ended March 31, 2023, its Net Assets at fair value as at March 31, 2023, its total returns at Fair Value and the net distributable cash flow for the year ended on that date.

BASIS FOR OPINION

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing ("SAs") issued by the Institute of Chartered Accountants of India. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of this report. We are independent of the Trust in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the SEBI InvIT Regulations and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Standalone Financial Statements.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the financial period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a

separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

PARTICULARS	HOW THEY WERE ADDRESSED IN OUR AUDIT
<p>1. <u>Loss on fair value measurement of other payable / deferred consideration payable to IRB Group.</u></p> <p>Pursuant to settlement of IRB Infrastructure Trust by IRB Infrastructure Developers Limited (Sponsor), as a Private INVIT, the Trust has entered into Debt Novation Agreements (DNA). As per the terms of DNA, in consideration of assets taken over in 9 SPVs, Trust has issued units and agreed to transfer to the Sponsor, the claim amounts when and to the extent the same are eventually received by Project SPVs, on account of Sponsor Claims.</p> <p>Such Sponsor Claims shall be lodged after obtaining COD by respective SPVs. The amount realizable against claims has been estimated by the valuers appointed by the Management based on the weighted average of probabilities of realization of such claims.</p> <p>Based on the fair value of liability as estimated by the valuers, a resultant impact in the value of liability has been recognized under the head 'Loss on fair value measurement of other payable'.</p>	<ul style="list-style-type: none">• We reviewed the Placement Memorandum filed with SEBI and the consequential legal documentation entered into by the Trust, including inter alia the Debt Novation Agreements and their reflection in the underlying SPVs.• We have reviewed the methodology adopted by the valuer in deriving the value including the assumptions made.• We assessed the estimates of Fair Value provided in the Valuation Report and realizability of claims as indicated therein.• We also reviewed the reasonableness of the variables applied in the said computation.• Based on the above, the fair value of liability to the Sponsor, as estimated by the valuer, taking into consideration the weighted average of probabilities of realization has been validated.
<p>2. <u>Impairment Testing</u></p> <p>The Group has toll collection rights as intangible assets pursuant to the concession agreement. The carrying value of these rights acquired under BOT basis is being compared to the recoverable value (which is value in use in the instant case) thereof to ascertain if there is any impairment.</p> <p>The process involves estimating the value in use of the asset which is determined by forecasting and discounting future cash flows. The same is sensitive to changes in discount rate, traffic growth rates, toll growth rates etc. The determination of the recoverable amount of the toll collection right involves significant judgment due to inherent uncertainty in the assumptions supporting the recoverable amount of these rights.</p> <p>Accordingly, the evaluation of impairment of toll collection rights has been determined as a Key Audit Matter.</p>	<ul style="list-style-type: none">• We evaluated management's assessment on impairment for intangible assets under development and intangible assets – toll collection rights by testing the assumptions and methodologies used by the Management.• Referred to valuation reports and Traffic Growth Study Reports and determined reasonableness of future toll revenue.• Evaluated the potential changes in major components as compared to previous year vis-à-vis actual performance in order to evaluate whether the inputs and assumptions used in the cash flow forecasts were suitable.• Assessed the appropriateness of the weighted average cost of capital used in determining recoverable amount.• Performed sensitivity analysis of key assumptions used in valuation.• Tested the arithmetical accuracy of the model.

INFORMATION OTHER THAN THE STANDALONE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Board of Directors of Investment Manager is responsible for the preparation of the other information. The other information comprises the information included in the Report of Investment Manager including annexures to Investment Manager's Report and other information as required to be given by SEBI InvIT Regulations, but does not include the standalone financial statements and our report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF THE BOARD OF DIRECTORS OF INVESTMENT MANAGER FOR THE STANDALONE FINANCIAL STATEMENTS

The Board of Directors of Investment Manager is responsible for the preparation of these Standalone Financial Statements that give a true and fair view of the Standalone financial position as at 31 March 2023, financial performance including other comprehensive income, movement of Unit Holders' fund and its Cash flows for the year ended March 31, 2023, its Net Assets at fair value as at March 31, 2023, its total returns at Fair Value and the net distributable cash flow of the trust for the year ended March 31, 2023 in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified and/or any addendum thereto as defined in Rule 2(1)(a) of Companies (Indian Accounting Standards) Rules, 2015, as amended read with the Securities and Exchange Board of India (Infrastructure Investment Trusts) Regulation 2014 as amended from time to time including any guidelines and circulars issued thereunder (together referred to as the "InvIT Regulations").

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the InvIT Regulations for safeguarding of the assets of the Trust and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls for ensuring the accuracy and completeness of accounting records, relevant to the preparation and presentation of the Standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud and error.

In preparing the Standalone Financial Statements, the Board of Directors of Investment Manager is responsible for assessing the Trust's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors of Investment Manager either intends to liquidate the Trust or to cease operations, or has no realistic alternative but to do so.

The Board of Directors of Investment Manager are also responsible for overseeing the Trust's financial reporting process.

AUDITOR'S RESPONSIBILITY FOR THE AUDIT OF THE STANDALONE IND AS FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also,

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Board of Directors of Investment Manager.
- Conclude on the appropriateness of use of the going concern basis of accounting by the Board of Directors of Investment Manager and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Trust's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Trust to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

Based on our audit and as required by SEBI InvIT Regulations, we report that:

- a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
- b. The Balance Sheet and the Statement of Profit and Loss including other comprehensive income, dealt with by this Report are in agreement with the books of account of the Trust; and
- c. In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Rule 2(1)(a) of Companies (Indian Accounting Standards) Rules, 2015, as amended.

Additional Disclosures as required by Paragraph 6 of Annexure A to SEBI Circular No. CIR/IMD/DF/127/2016:

a) Net Distributable Cash Flows as at the Standalone Trust level

(Rs. in millions)

Sr. No.	Particulars	Year ended March 31, 2023#	Year ended March 31, 2022
1	Cash flows received from Project SPVs in the form of Interest (Refer note 1)	2,097.00	825.00
2	Cash flows received from Project SPVs in the form of Dividend	-	-
3	Any other income accruing at the Trust level and not captured above, including but not limited to interest/return on surplus cash invested by the Trust	0.92	0.40
4	Cash flows received from the project SPVs towards the repayment of the debt issued to the Project SPVs by the Trust (Net) (Refer note 2)	(1,928.34)	(1,682.67)
5	Total cash inflow at the Trust level (A)	169.58	(857.27)
	Less:		
6	Any payment of fees, interest and expense incurred at the Trust level, including but not limited to the fees of the Investment Manager	(113.33)	(63.38)
7	Income tax (if applicable) at the Standalone Trust Level	-	-
8	Repayment of external debt	-	-
9	Total cash outflows / retention at the Trust level (B)	(113.33)	(63.38)
10	Net Distributable Cash Flows (C) = (A+B)	56.25	(920.65)

The said amount would be utilised towards Capex in ongoing projects.

Notes:

- 1 Excludes interest due but not received of Rs. 2,124.77 millions and Rs. 3,375 Millions for the year ended March 31, 2023 and year ended March 31, 2022.
- 2 Netted - off with disbursement of short-term unsecured loan to project SPV.

IRB Infrastructure Trust

Notes to financial statements for the year ended March 31, 2023

1. Trust Information and Nature of Operations

IRB Infrastructure Trust (the "Trust") is a trust settled pursuant to the indenture of trust dated August 27, 2019 which is registered under Indian Trust Act, 1882 and under the Securities Exchange Board of India (Infrastructure Investment Trusts) Regulations, 2014 as amended from time to time. The Trust is settled by the Sponsor, IRB Infrastructure Developers Limited ("IRB" or the "Sponsor"), an infrastructure development company in India. The Trustee to the Trust is IDBI Trusteeship Services Limited (the "Trustee"). Investment manager for the Trust is MMK Toll Road Private Limited (the "Investment Manager"). The Trust has received registration certificate from SEBI having registration number IN/InvIT/19-20/0012.

The Trust has been formed to invest in infrastructure assets primarily being in the road sector in India. The Trust's road projects are eligible infrastructure projects under the InvIT Regulations and held through special purpose vehicles ("Project SPVs" together as "Project SPV Group"). The Trust's portfolio comprises of ten road projects as listed below:-

The Trust had acquired the projects at Sr no 1 to 9 from the Sponsor which are road infrastructure projects developed on DBFOT basis. The SPV at Sr. no 10 has been added to portfolio from 02.04.2022.

Sr. No.	Project SPV Name
1	AE Tollway Limited (AETL)
2	CG Tollway Limited (CGTL)
3	IRB Hapur Moradabad Tollway Limited (IRBHMTL)
4	IRB Westcoast Tollway Limited (IRBWTL)
5	Kishangarh Gulabpura Tollway Limited (KGTL)
6	Kaithal Tollway Limited (KTL)
7	Solapur Yedeshi Tollway Limited (SYTL)
8	Udaipur Tollway Limited (UTL)
9	Yedeshi Aurangabad Tollway Limited (YATL)
10	Palsit Dankuni Tollway Private Limited(PDTPL) (w.e.f. 02.04.2022)

The registered office of the Investment Manager is Off No-11th Floor/1101 Hiranandani Knowledge Park, Technology Street, Hill Side Avenue, Powai Mumbai 400076.

The financial statements were authorised for issue in accordance with resolution passed by the board of directors of the Investment manager on May 12, 2023.

The Trust has been listed on NSE w.e.f. 03.04.2023

2. Basis of preparation

The financial statements of IRB Infrastructure Trust have been prepared in accordance with Indian Accounting Standards as defined in Rule 2(1)(a) of the Companies (Indian Accounting Standards) Rules, 2015, as amended, prescribed under Section 133 of the Companies Act, 2013 ("Ind AS") read with SEBI (Infrastructure Investment Trusts) Regulations, 2014, as amended and the circulars issued thereunder ("InvIT Regulations") and other accounting principles generally accepted in India.

The financial statements have been prepared on an accrual basis and under the historical cost convention except for certain financial assets and liabilities (refer accounting policy regarding financial instruments) which have been measured at fair value.

The financial statements are presented in Indian Rupee ('INR') which is the functional currency of the Trust and all values are rounded to the nearest millions, except when otherwise indicated. Wherever the amount represented '0' (zero) construes value less than Rupees five thousand.

3. Summary of significant accounting policies

3.1. Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

3.2. Current versus non-current classification

The Trust presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading

- Expected to be realised within twelve months after the reporting period, or
 - Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.
- All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Trust has identified twelve months as its operating cycle.

3.3. Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Trust and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the transaction price of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

The specific recognition criteria described below must also be met before revenue is recognised:

Interest income

Revenue is recognised on a time proportion basis taking into account the amount outstanding and the rates applicable. For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR).

Dividends

Revenue is recognised when the Trust's right to receive the payment is established, which is generally when shareholders approve the dividend.

3.4. Taxes

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date in the countries where the Trust operates and generates taxable income.

Current income tax relating to items recognised outside the Statement of Profit and Loss is recognised outside the Statement of Profit and Loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

- In respect of taxable temporary differences associated with investments in subsidiaries, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction affects neither the accounting profit nor taxable profit or loss

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit and loss (either in other comprehensive income or in equity).

Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Deferred tax assets and deferred tax liabilities are offset if a

legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

3.5. Goods and Services Tax (GST) paid on acquisition of assets or on incurring expenses

Expenses and assets are recognised net of the amount of goods and service tax paid, except:

When the tax incurred on a purchase of assets or services is not recoverable from the tax authority, in which case, the tax paid is recognised as part of the cost of acquisition of the asset or as part of the expense item, as applicable.

When receivables and payables are stated with the amount of tax included. The net amount of tax recoverable from, or payable to, the tax authority is included as part of receivables or payables in the balance sheet.

3.6. Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of Trusts. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

3.7. Provisions

Provisions are recognised when the Trust has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Trust expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

3.8. Contingent liabilities and contingent assets

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Trust or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a

liability that cannot be recognised because it cannot be measured reliably. The Trust does not recognise a contingent liability but discloses its existence in the financial statements. A contingent asset is not recognised unless it becomes virtually certain that an inflow of economic benefits will arise. When an inflow of economic benefits is probable, contingent assets are disclosed in the financial statements. Contingent liabilities and contingent assets are reviewed at each balance sheet date.

3.9. Financial instrument

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through Statement of Profit and Loss, directly attributable transaction cost to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Trust commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories;

- at amortised cost
- at fair value through profit or loss (FVTPL)
- at fair value through other comprehensive income (FVTOCI)

Financial Assets at amortised cost

A financial asset is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is the most relevant to the Trust. All the Loans and other receivables under financial assets (except Investments) are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market.

After initial measurement such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The losses arising from impairment are recognised in the Statement of Profit and Loss.

Financial Assets at Fair Value through Statement of Profit and Loss/Other comprehensive income

All investments in scope of Ind AS 109 are measured at fair value. The Trust has investment in Debt oriented mutual Trust which are held for trading, are classified as at FVTPL. The Trust makes such election on an instrument by instrument basis. The classification is made on initial recognition and is irrevocable. The gain/ loss on sale of investments are recognised in the Statement of Profit and Loss.

Instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

Derecognition

A financial asset is primarily derecognised (i.e. removed from the Trust's balance sheet) when:

The rights to receive cash flows from the asset have expired, or

The Trust has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Trust has transferred substantially all the risks and rewards of the asset, or (b) the Trust has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Trust has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Trust continues to recognise the transferred asset to the extent of the Trust's continuing involvement. In that case, the Trust also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Trust has retained.

3.10. Impairment of assets

Impairment of financial assets

Expected credit losses are recognized for all financial assets subsequent to initial recognition other than financial assets in FVTPL category.

For financial assets other than trade receivables, as per Ind AS 109, the Trust recognizes 12 month expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial assets increases significantly since its initial recognition.

The impairment losses and reversals are recognized in Statement of Profit and Loss.

Impairment of non-financial assets

The Trust assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Trust estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset unless the asset does not generate cash inflows that are largely independent of those from other assets or Trust's assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, or payables, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Trust's financial liabilities include trade and other payables, loans and borrowings.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Trust that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109.

Gains or losses on liabilities held for trading are recognised in the statement of profit and loss.

Loans and borrowings

This is the category most relevant to the Trust. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are de-recognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the standalone balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

3.10 Investment in subsidiaries

Investments (equity instruments as well as subordinate debt) in subsidiaries are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries, the difference between net disposal proceeds and carrying amounts are recognised in the Statement of Profit and Loss.

3.11 Foreign currencies

The Trust's financial statements are presented in INR, which is also the Trust's functional currency. The Trust does not have any foreign operation and has assessed the functional currency to be INR.

Transactions and balances

Transactions in foreign currencies are initially recorded by the Trust at their respective functional currency spot rates at the date the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Differences arising on settlement or translation of monetary items are recognised in the statement of profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

3.12 Fair value measurement

The Trust measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- ▶ In the principal market for the asset or liability, or
- ▶ In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Trust.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Trust uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- ▶ Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- ▶ Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- ▶ Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Trust determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Trust's Management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for distribution in discontinued operations.

At each reporting date, the Management analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Trust's accounting policies. For this analysis, the Management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The management also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

On an annual basis, the Management of Investment Manager presents the valuation results to the Audit Committee and the Trust's independent auditors. This includes a discussion of the major assumptions used in the valuations.

For the purpose of fair value disclosures, the Trust has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

- Disclosures for valuation methods, significant estimates and assumptions (note 28)
- Financial instruments (including those carried at amortised cost) (note 24 and 25)
- Quantitative disclosure of fair value measurement hierarchy (note 24 and 25)

3.13 Contributed Equity

Units are classified as equity. Incremental costs attributable to the issue of units are directly recorded in equity, net of tax.

3.14 Distribution to unit holders

The Trust recognises a liability to make cash distributions to unit holders when the distribution is authorised and a legal obligation has been created. As per the InvIT Regulations, a distribution is authorised when it is approved by the Board of Directors of the Investment Manager. A corresponding amount is recognised directly in equity.

3.15 Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Trust's cash management.

3.16 Earnings Per Unit (EPU)

Basic earnings per unit are calculated by dividing the net profit for the year attributable to unit holders by the weighted average number of units outstanding during the year.

For the purpose of calculating diluted earnings per unit, the weighted average number of units outstanding during the period are adjusted for the effects of all dilutive potential units.

3.17 Segment Information

The Trust is engaged in to invest in infrastructure assets primarily being in the road sector in India which in the context of Ind AS 108 - Operating Segments is considered as the only segment. The Trust's activities are restricted within India and hence no separate geographical segment disclosure is considered necessary.

3.17 New pronouncements issued but not effective

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

Ind AS 1: Disclosure of Material Accounting policy information and similar consequential amendment to Ind AS 34.

Ind AS 1: Disclosure of the judgements, apart from those involving estimations, that management has made in the process of applying the entity's accounting policies and that have the most significant effect on the amounts recognised in the financial statements.

Ind AS 8: Definition of Accounting Estimate as "Accounting estimates are monetary amounts in financial statements that are subject to measurement uncertainty". Further amendments to paragraphs delineating Changes to Accounting Estimates.

Ind AS 12: Amendments to taxable temporary difference, initial recognition of asset or liability and Deductible taxable differences.

Ind AS 12: Deferred tax related to assets and liabilities arising from Single Transaction.

Ind AS 107: Information about measurement basis (or bases) for financial instruments to be disclosed as material accounting policy.

Ind AS 109: Amendment to paragraph on reassessment of embedded derivative.

Ind AS 115: Amendments to Appendix 1 which gives there in the major differences, if any, between Indian Accounting Standard (Ind AS) 115 and the corresponding International Financial Reporting Standard (IFRS) 15, Revenue from Contracts with Customers, IFRIC 12, Service Concession Arrangements and SIC 29 Service Concession Arrangements: Disclosures, issued by the International Accounting Standards Board

Note 24 : Fair Values

Financial assets and liabilities

The carrying values of financial instruments of the trust are reasonable and approximations of fair values.

The accounting classification of each category of financial instruments, their carrying amounts and the categories of financial assets and liabilities measured at fair value, are set out below:

	(Rs. in Millions)			
	Carrying amount	Fair Value	Carrying amount	Fair Value
	As at March 31, 2023	As at March 31, 2023	As at March 31, 2022	As at March 31, 2022
Financial assets				
<u>Financial assets measured at amortised cost</u>				
Loans	35,772.98	35,772.98	33,795.94	33,795.94
Other financial assets	7,965.17	7,965.17	5,610.67	5,610.67
<u>Financial assets measured at fair value through statement of Profit & Loss</u>				
Investments in mutual trusts	20.08	20.08	20.04	20.04
<u>Financial assets measured at amortised cost</u>				
Cash and cash equivalents	6.56	6.56	0.25	0.25
Other Bank balances	-	-	-	-
Financial liabilities				
<u>Financial liabilities measured at amortised cost</u>				
Trade payables	81.35	81.35	81.71	81.71
Borrowings	4,872.91	4,872.91	3,607.93	3,607.93
Other financial liabilities	35,778.03	35,778.03	35,168.79	35,168.79

The management assessed that the fair value of cash and cash equivalents, trade receivables, trade payables, bank overdrafts and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The discount for lack of marketability represents the amounts that the trust has determined that market participants would take into account when pricing the investments.

The trust is required to present the Statement of total assets at fair value and Statement of total returns at fair value as per SEBI Circular No. CIR/IMD/DF/114/2016 dated October 20, 2016 as a part of these financial statements - Refer Statement of Net assets at fair value and Statement of Total Returns at fair value.

Note 25 : Fair Value Hierarchy

All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy described as follows, based on the lowest level input that is significant to the fair value measurement as a whole.

Level 1: Quoted (unadjusted) price is active market for identical assets or liabilities

Level 2: Valuation technique for which the lowest level input that has a significant effect on the fair value measurement are observed, either directly or indirectly.

Level 3: Valuation technique for which the lowest level input has a significant effect on the fair value measurement is not based on observable market data.

There were no transfers between Level 1, Level 2 and Level 3 during the year.

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis as of March 31, 2023:

	(Rs. in Millions)			
	As at March 31, 2023	Fair value measurement at end of the reporting year using		
		Level 1	Level 2	Level 3
Assets				
Loans	35,772.98	-	-	35,772.98
Cash and cash equivalents	6.56	-	-	6.56
Other Financial assets	7,965.17	-	-	7,965.17
Investments in mutual fund (Quoted)	20.08	20.08	-	-
Liabilities				
Trade payable	81.35	-	-	81.35
Other financial liabilities	35,778.03	-	-	35,778.03
Borrowings	4,872.91	-	-	4,872.91

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis as of March 31, 2022:

	As at March 31, 2022	Fair value measurement at end of the reporting year using		
		Level 1	Level 2	Level 3
		(Rs. in Millions)		
Assets				
Loans	33,795.94	-	-	33,795.94
Other Financial assets	5,610.67	-	-	5,610.67
Investments in mutual fund (Quoted)	20.04	20.04	-	-
Liabilities				
Trade payable	81.71	-	-	81.71
Other financial liabilities	35,168.79	-	-	35,168.79

Note 26 : Financial risk management objectives and policies

The trust's risk management policies are established to identify and analyse the risks faced by the trust, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the trust's activities.

The Board of Directors of Investment Manager have overall responsibility for the establishment and oversight of the trust's risk management framework.

In performing its operating, investing and financing activities, the trust is exposed to the Credit risk, Liquidity risk and Market risk.

a. Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans borrowings and deposits.

Credit risk

Credit risk is the risk that a counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The trust is exposed to credit risk from its investing activities including loans to subsidiaries, deposits with banks and other financial instruments. As at March 31, 2023, the credit risk is considered low since substantial transactions of the trust are with its subsidiaries.

Interest Rate Risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The trust's exposure to the risk of changes in market interest rates relates primarily to the trust's long-term debt obligations with floating interest rates.

c. Liquidity risk

Liquidity risk is the risk that the trust may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The trust's objective is to, at all times maintain optimum levels of liquidity to meet its cash and collateral requirements.

The trust closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate sources of financing including debt and overdraft from banks at an optimised cost.

The liquidity risk is managed on the basis of expected maturity dates of the financial liabilities. The average credit period taken to settle trade payables is about 30 to 90 days. The other payables are with short-term durations. The carrying amounts are assumed to be a reasonable approximation of fair value. The following table analyses financial liabilities by remaining contractual maturities:

	(Rs. in Millions)					Total
	On demand	Less than 3 months	Less than 1 year	1 to 5 years	> 5 years	
March 31, 2023						
Borrowings	-	-	4,872.91	-	-	4,872.91
Other financial liabilities	-	-	-	35,778.03	-	35,778.03
Trade payables	-	0.01	50.56	30.78	-	81.35
Total	-	0.01	4,923.47	35,808.80	-	40,732.29
March 31, 2022						
Borrowings	-	-	3,607.93	-	-	3,607.93
Other financial liabilities	-	-	-	35,168.79	-	35,168.79
Trade payables	-	-	35.28	46.43	-	81.71
Total	-	-	3,643.21	35,215.22	-	38,858.44

At present, the trust does expects to repay all liabilities at their contractual maturity. In order to meet such cash commitments, the operating activity is expected to generate sufficient cash inflows.

Note 27 : Capital management

Capital includes equity attributable to the equity holders to ensure that it maintains an efficient capital structure and healthy capital ratios in order to support its business and maximise shareholder value. The trust manages its capital structure and makes adjustments to it, in light of changes in economic conditions or its business requirements. To maintain or adjust the capital structure, the trust may adjust the distribution of cash flow of return capital to shareholders or issue new shares. No changes were made in the objectives, policies or processes during the year ended March 31, 2023

The trust monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. Net debt is calculated as loans and borrowings less cash and cash equivalents.

	(Rs. in Millions)	
	As at March 31, 2023	As at March 31, 2022
Borrowings	4,872.91	3,607.93
Less: cash and cash equivalents	(6.56)	(0.25)
Net debt (A)	4,866.35	3,607.69
Unit capital	87,929.33	85,504.33
Other equity	9,526.42	5,992.74
Total equity (B)	97,455.75	91,497.07
Capital and net debt C = A + B	1,02,322.10	95,104.76
Gearing ratio (%) (C / A)	4.76%	3.79%

In order to achieve this overall objective, the trust's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing borrowings in the current year.

Note 28 : Significant accounting judgement, estimates and assumptions

The preparation of the trust's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities and the accounting disclosures and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgement

In the process of applying the trust's accounting policies, management has made the judgement, which have the most significant effect on the amounts recognised in the financial statements.

Classification of unit holders trusts

Under the provisions of the InvIT Regulations, trust is required to distribute to Unit holders not less than ninety percent of the net distributable cash flows of trust for each financial year. Accordingly, a portion of the unit holders' trusts contains a contractual obligation of the trust to pay to its Unit holders cash distributions. The Unit holder's trusts could therefore have been classified as compound financial instrument which contain both equity and liability components in accordance with Ind AS 32-Financial Instruments: Presentation.

However, in accordance with SEBI Circulars (No.CIR/IMD/DF/114/2016 dated 20-Oct-2016 and No.CIR/IMD/DF/127/2016 dated 29-Nov-2016) issued under the InvIT Regulations, the unit holders' trusts have been classified as equity in order to comply with the mandatory requirements of Section H of Annexure A to the SEBI Circular dated 20-Oct-2016 dealing with the minimum disclosures for key financial statements. In line with the above, the income distribution payable to unit holders is recognized as liability when the same is approved by the Investment Manager.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities or fair value disclosures within the next financial year, are described below. The trust based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the trust. Such changes are reflected in the assumptions when they occur.

Fair valuation and disclosures

SEBI Circulars issued under the InvIT Regulations required disclosures relating to net assets at fair value and total returns at fair value. In estimating the fair value of investments in subsidiaries (which constitute substantial portion of the net assets), the Trust engages independent qualified external valuers to perform the valuation. The management works closely with the valuers to establish the appropriate valuation techniques and inputs to the model. The management reports the valuation report and findings to the Board of the Investment Manager half yearly to explain the cause of fluctuations in the fair value of the road projects. The inputs to the valuation models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as WACC, Tax rates, Inflation rates etc. Changes in assumptions about these factors could affect the fair value. (refer note 24 for details).

Impairment of non-financial assets

Non-financial assets of the trust primarily comprise of investments in subsidiaries, Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The recordable amounts for the investments in subsidiaries are based on value in use of the underlying projects. The value in use calculation is based on a DCF model. The cash flows are derived from budgets / forecasts over the life of the projects.

Note 29 : Investment Manager Fees

Pursuant to the terms of the Investment Management Agreement, the fees will be paid to the Investment Manager for the services provided by it ("Management Fees"). The Management Fees have been revised for the Financial Year with the approval of the Unitholders, where the votes cast by Unitholders so entitled and voting in favor of a resolution are not less than one-and-a-half times the votes cast against such resolution. Pursuant to a resolution of the Unitholders, the Management Fees for the Financial Year 2023 has been revised to Rs.47.70 millions

Note 30 : Taxes

In accordance with section 10 (23FC) of the Income Tax Act, the income of business trust in the form of interest received or receivable from Project SPV is exempt from tax. Accordingly, the trust is not required to provide any current tax liability. Further, deferred tax assets on carry forward losses is not being created since there is no virtual certainty of reversal of the same in the near future.

Note 31

On April 7, 2022, the Trust has executed arrangement with the Sponsor for implementation of Palsit Dankuni Tollway Private Limited ('SPV') by the Trust and accordingly, the project is being executed by the SPV and the Trust.

Note 32 : Events after reporting period

There is no subsequent event after the reporting period which requires adjustments to the financial statements.

Note 33 : Previous period comparatives

Previous period's figures have been regrouped/reclassified, wherever necessary, to confirm to current period's classification.

Note 34 : Subsequent Events

The Trust has been listed on NSE w.e.f. 03.04.2023
